

THEATER OF THE STARS: A NOVEL OF PHYSICS AND MEMORY

Lucienne Kundera, an astrophysicist, has uncovered a black hole as mysterious as the secrets in her life. Lucienne's mother, Hlne, is a scientist as well, who was captured during World War II. She eventually escaped and disappeared, reappearing years later in New Mexico with Lucienne. Hlne claims to have no recollection of these past events, but when she and Lucienne visit Paris, the city of Hlne's youth, Hlne is overcome by memories and...

Reader's Opinions

Theater of the Stars is very different from Whale Season but is characterized by the same fluid writing style and engaging character development. The former is tragic and the latter richly comedic. In terms of entertainment, I enjoyed the comedy more than the tragedy....
